

West Yorkshire Health and Care Partnership

Children, Young People and Families
Function: Highlight Report

May 2022

Key Messages:

Milestones

Slide 3 covers the progress made this period in depth, but high-level milestone achievements include:

- Successful 3- day ATR Knowledge exchange held in April with 600 people registered
- Trauma informed Foundation Level Training has continued with West Yorkshire Police first response teams in Wakefield and Kirklees, housing staff across West Yorkshire and Primary Care in Calderdale with around 800 staff trained
- Trauma informed co-production guidance has been developed and launched
- Final report and recommendations received on commissioned evaluation of the Programme to date

Opportunities

What opportunities are available this month to support the work of this workstream?

- Development of ATR fellowship Programme to add capacity and capability into the system.
- Taking forward the recommendations from the commissioned evaluation of the ATR Programme to date
- Harvard University system leadership trauma informed training taking place on 6th and 7th June with 30 places for West Yorkshire. As part of this training we will receive the ATR system outcome measures which Harvard have developed
- Starting to develop a train the trainer approach for trauma informed and responsive training

Risks

Top two/three risks (high level)

	Risks Identified Description of risk	RAG Rating Please choose from the list	Relevant Mitigation Information on how the risk will be managed
1	Funding to support Programme, currently the VRU is providing the only funding into the Programme	Medium	Meetings to take place with system leaders to discuss funding and resources into the Programme

Recommendations/Ask

What do you want the board sighted on or need support with this month?

To note the progress made, the next steps and to support the Adversity, Trauma and Resilience Fellowship Programme, which will add capacity and capability into the system.

Workstream: ATR	Progress this Period (March 31st to May 25th)	Next Period
ATR Framework	<ul style="list-style-type: none"> • Three day ATR Knowledge Exchange held in April with 600 people registered from WY and beyond. This is currently being evaluated, with feedback received so far being extremely positive. After event brochure being developed and resources and recordings all available on ATR website • Work has continued to develop the 8 year ATR Framework in partnership with stakeholders across the system • Successful provider established through tender process to build the ATR Digital Hub. 	<ul style="list-style-type: none"> • Finalisation of the 8 year framework which will include system priorities for each year and system outcomes. • Digital hub and framework to be launched in September 22.
Network and sub-groups	<ul style="list-style-type: none"> • ATR Social Justice workshop took place in May to identify areas to work together as a system on. Links have been made with Wetherby YOI. • Trauma informed organisation group has been established for those organisations leading on becoming trauma informed organisations to share their approach, learning and challenges 	<ul style="list-style-type: none"> • Online harms and cyber trauma dedicated session at the June ATR network meeting • Trauma informed organisation toolkit to be developed to provide support and guidance to organisations in becoming trauma informed organisations
Training Collaborative	<ul style="list-style-type: none"> • Trauma informed Foundation Level Training has continued with West Yorkshire Police first response teams in Wakefield and Kirklees, housing staff across West Yorkshire and Primary Care in Calderdale. The training has evaluated well and case studies are being developed as to the impact of the training • Training mapping being undertaken to establish trauma informed training being delivered across the system. • A West Yorkshire ATR Knowledge and Skills Framework is in the process of being developed across the system to ensure a consistent approach to training, the content of training and the quality of training. 	<ul style="list-style-type: none"> • Trauma informed Foundation level training to continue to be rolled out across West Yorkshire Police, Primary Care and A&E Staff • Due to demand for requests for training a task and finish group is being established to develop a train the trainer approach to add further capacity into the system • ATR Knowledge and Skills Framework to continue to be developed • Presenting at the WY People Board to look at how a trauma informed approach can be embedded within the WY People Plan
Community Action Collective	<ul style="list-style-type: none"> • Trauma informed co-production guidance has been developed and launched. This was piloted by the WY Young Carers Project Manager in co-production work with young carers. A case study is being developed from the pilot to accompany the guidance. • Discussions and agreement around the use of trauma informed language being critical to the work and ambition for our Population. Agreement for a WY trauma informed language framework to be developed. 	<ul style="list-style-type: none"> • Training to be developed to support and accompany the trauma informed co-production guidance • Develop a framework around trauma informed language so people can make an informed choice about the language they choose to use. Training to be developed to accompany the framework.
Evidence , evaluation and insight	<ul style="list-style-type: none"> • Rocket Science were commissioned to undertake a formal evaluation of the Programme to date. The final report has been received and key findings were presented at the Knowledge Exchange in April • Trauma informed education settings insight work across WY was commissioned and has now been completed with final report received. 	<ul style="list-style-type: none"> • Final evaluation report to be presented to the ATR Strategy Board on the 9th June and actions to be developed and implemented from the recommendations • Trauma informed education settings insight report to be presented at WY Directors of Children’s Services meeting. Actions to be developed and implemented from the recommendations through the ATR education settings workstream
Crosscutting / Other	<ul style="list-style-type: none"> • Partnerships made with Harvard University and 30 places have been offered to West Yorkshire for system leadership trauma informed training. As part of this training we will receive the ATR system outcome measures which Harvard have developed • Agreement from ATR Strategy Board to develop an ATR fellowship Programme, similar to the health equity fellowship programme to create ATR champions and add capacity into the system 	<ul style="list-style-type: none"> • Harvard training taking place on the 6th and 7th June with system leaders, including the ICB Medical Director, the ICB Director of Nursing, the ICB Director of People and West Yorkshire Police. Outputs from training to be built into the ATR framework including system outcomes. • Task and Finish group to be established to develop the ATR Fellowship Programme and expression of interest process
