

## Online Bullying

Online bullying really needs to stop,  
So many people's lives affected,  
Please think before you tap, tap, tap!  
Online bullying, can cost a person's life,  
You don't know what issues people are facing,  
Messages of hate, words that hurt,  
Your online bullying could tip someone over the edge!  
All for the sake of tap, tap, tap.  
Kindness costs nothing,  
So please take a second to think!  
Let's show kindness to other people,  
Let's build each other up,  
Put an end to online bullying,  
We should not be tearing each other up.
