

## Survivors Reach Out

Survivors reaching out to each other,  
Many friendships built around the world,  
We are warriors, rising from the ashes,  
To make a difference for those who can be saved, to make a change,  
Encouraging others to reach out.  
Our inbox is always open,  
A listening ear, a shoulder to lean on,  
Wherever you are we can be near,  
Always count on us to never let you down,  
Let's find our strength from within,  
Stand as one, united.  
As one we can make a difference, make a change  
Our story can give others the courage to speak out, to be brave.  
Don't struggle alone,  
We are all here,  
Together, as one.
