Functionality Media room

The media room will showcase the digital hub resources, from blog posts, to podcasts and more.

All of the content showcased in the media room will be filterable based on the content type, allowing users easy access to the content that is relevant to them.

NEXT STEPS

- Development of the West Yorkshire ATR Framework & Academy
- Commissioning embedded evaluation & learning partner
- Launch the WY West Yorkshire adversity, trauma and resilience fellowship programme
- continue to develop new and existing networks and workstreams
- continue to roll out trauma informed foundation training
- developing training the trainer approach for foundation training
- developing a guide and resources to support organisations to become trauma informed
