

Adversity, Trauma and Resilience

This is my pledge – Jo Rooney

Jo Rooney
Senior Commissioning Manager
Wakefield CCG

My Pledge is to work towards ensuring the services which are commissioned by Wakefield CCG have the child and family at the centre and are working in a way which promotes resilience whilst working in a Trauma Informed way.

To work with agencies across Wakefield to ensure that services work together and that we move towards integration across our health, social care and education system.

To use commissioning and contracting processes to develop Trauma Informed practice across services and also to use these processes to be able to map outcomes of service provision.

My aim is to support children and young people to be happy, healthy and achieving.
