

Adversity, Trauma and Resilience

This is my pledge: To see from others' point of view

Kate Jowett

Criminal Justice Advisor to
the WY Mayor and Deputy

16/6/21

I will do more to understand difference and to be as inclusive as possible in all the work I do. This will include striving to represent the interests of all members of our West Yorkshire Community and to encourage partners to do the same.

I want to make sure that what we do for others, suits their needs as far as humanly possible and that they feel valued and cared about.
