

# Adversity, Trauma and Resilience

My pledge is to support and influence change to achieve a trauma informed and responsive system

I work as a Designated Nurse for Safeguarding Children, Children Looked After and Care Leavers for Calderdale Clinical Commissioning Group. I pledge that in my capacity as Designated Nurse I will support the ambition to achieve a trauma informed and responsive system by 2030 by working in partnership with fellow colleagues to influence and make a difference.

**Louise Fletcher**

Designated Nurse for Safeguarding Children,  
Children Looked After and Care Leavers
