<b>Agenda</b>	
<b>1.</b>	<p><b>Introductions</b>            EI welcomed the group and introductions were made.</p>
<b>2.</b>	<p><b>Theory of Change</b>            EI advised the group that she had drafted a theory of change and would distribute for any comments/ feedback before the next meeting.</p>

<p><b>3. Progress to Date</b></p>	<ul style="list-style-type: none"> <li>• EI advised that we would like to develop the Train the Trainer resource.</li> <li>• EI advised that we will be sending a mapping document to all place leads to ascertain any trauma informed training that has been used, we will then look at it against Warren's and if they meet the criteria we will then add to a central mapping document.</li> </ul> <p>TO advised that they have a self assessment tool which is ready to roll out based on the Oregan tool. EI asked TO if she could share as feedback from this group would be useful. TO added that they will pilot this in 7 organisations and there is a questionnaire for staff. EI asked if TO could share the questions that are on the questionnaire.</p> <p>AB advised that in Bradford trauma informed training is mandatory on the esr system and CA asked what feedback had been received and AB replied that it had been good. CA asked AB to provide further information.</p> <p>AB added that Bradford also carry out restorative supervision for anyone who carries out 1:1's and the staff support service are working with HR/recruitment to have trauma informed recruitment in place.</p> <p>EI advised that they will be making a video to talk through the ATR strategy and then it will be taken to the Trust Board in March 2023 as a proposal if we have sufficient evidence in trauma informed care. This proposal will be consistent with the trauma informed principles. If this is passed at Trust Board level we will be able to call ourselves a trauma informed organisation.</p> <p>TS advised that she is leading the trauma informed organisation workstream with Catherina Westwood at SWYPFT and they have produced a case for change, they are presenting to the</p>
<p><b>4. Direct Support for TI Organisations</b></p>	<p>EI asked the group how do we collectively support our organisations in West Yorkshire?</p> <p>The group discussed this and various suggestions were made. ZY felt that a comms piece of work would be beneficial and would articulate what support is there, either at place or at regional level. ZY advised the group that the trauma informed services workstream in Bradford is already set up and would be keen and committed to support other organisations</p>
<p><b>5. Development of WY TI Organisation Toolkit</b></p>	<p>EI thought that a West Yorkshire guide to becoming a trauma informed organisation would be helpful and this would need to be produced by this group.</p> <p>EI happy to do comms on a West Yorkshire footprint and provide support for 'place' for their own comms and engagement. EI suggested that there would be templates/case studies from organisations in the guide and the journey that we have taken so far.</p>
