| 5 | Changing Systems MC and SN thanked all for contributions to the system change work and presented on progress so far: Had over 250 interventions so far for children. Trying to get an overall view of areas of provision and what kind of recommendations we can make going forward. 50 interviews being conducted to add to mapping of services. Work around support for 20-25 year olds. A quarter to a third is provided through voluntary/third sector. Need to build on networks to reach smaller/under radar groups. Have not asked about capacity of services and their ability to meet local need in unmet areas. Undertaken an extensive literature review on areas e.g. domestic abuse, education and exclusions, criminal justice, poverty Will also be developing a equality and inequality impact assessment: taking a broad view of services that address inequality. Will help prioritise actions we want to see. | |
| 6 | Task & Finish Groups and Pilots Training Collaborative Community Action Collective Trauma Informed Schools Primary & Secondary Care Family Resilience and Early Help Potential Future workstreams Covered in Item 3. EI/CR asked what other pilots would be helpful to look at: key discussions included; community based activities for young people A shift within schools from behaviour policies to relationship policies, so all staff use a trauma-informed approach for children. How do we develop a trauma-informed system to support processes from a health and wellbeing point of view. Self-harm and the significant correlation with suicide, particularly to young boys. Suicide rate to come down by 2030. Need to intervene as those issues emerge. Speech trauma and communication development needs. Covid has caused a change in speech-language needs for young people. Look at how we upskill staff as many feel underconfident in this area. Need to be able to demonstrate outcomes Mentoring and support for young people. | |

| 7 | Presentation: BDCF2 Resilience Passport for a Whole School Approach - Susan Francis, Advanced Practitioner and Project Lead for Trauma Informed Care SF presented the work that has been undertaken on The Resilience Passport. Positive feedback was received from the group on this approach. The resource will be shared with the group and if anyone wanted any further information Sue will be happy to provide this. |
